Blood Donation Camp

Blood is red color fluid flowing through the blood vessels in the body, blood transport all useful materials to cells like water, Nutrients, Minerals, hormones within the body. Blood is composed of blood cells and plasma, the content of blood is varies in person to person however a healthy person consist about 5 liter of blood in his body , but at some times in patients count of blood is lowers due to certain diseases which causes anemic conditions in patients in such conditions doctors donates blood to these patients from external source and saves the life of patients these external sources of blood are blood banks which stores the blood from blood donors.

To collect the blood from the donors blood camps are organizes at various places by the helps of NGOs as well as hospitals, Governments, in colleges, they encourages people to donates the blood by giving the importance of blood donation , doctors gives the slogans like

- 1) Donates the blood and saves lives.
- 2) Be the reasons for some ones heart beat- Donates blood
- 3) A single drop of blood can make a huge difference.
- 4) Donates blood and be the reason for some one's existence and you became super here too
