B. this was 43rd UNESCO conference  
C. UNESCO declared 7 places as world heritage  
D. Jaipur town has given this status for cultural place

Identify the correct statements

Options

- 1) only A, C,D 2) only A, D 3) A,B,C,D 4) Only A, B

20. A) Radha Krishna Mathur is appointed as a first Lieutenant Governor of union territory Jammu and Kashmir

B) Girish Chandra murmu is appointed as a first Lieutenant Governor of union territory Ladakh

Identify the correct statement from above

Options

- 1) Only A 2) only B 3) both A and B 4) none of above

21. What was the name of loan waiver SCHEME FOR FARMER declared in winter session by chief minister uddav Thakre

- 1) Chhatrapati Shahu Mahara jShetkari karj Mukti Yojana  
2) Maharashtra Shetkari karj Mukti Yojana  
3) Mahatma jyotirao fule karj mafi Yojana  
4) None of the above

22. Which were the three banks merged in Bangkok Baroda in 1 April 2019

- A. Dena Bank B) Vijaya Bank C) Bank of Baroda D) Canara Bank

Options

- 1) A, B, D 2) A, B, C 3) B, C, D 4) A, C, D

23. A) Justice Sharad bobade took the oath as the chief justice of Supreme Court on 18th November 2019

  
Principal  
J.K. Jadhav Arts, Comm. & Science  
Mahavidyalaya, Vaijapur (Code 334)

- B) He is the fourth person from Maharashtra to become Chief Justice  
 C) He also acted as a chief justice of Madhya Pradesh high court  
 D) He is the 46th chief justice

Select the correct statement from above

- 1) A, B, D                      2) Only C, D                      3) A, B, C                      4) All of the above

24. Project eye is related to

- 1) eradication of elders cataract  
 2) providing information of eye diseases to Peoples of tribal region  
 3) a system developed by ISRO  
 4) system that decides the speed of vehicles on super highway

5) Where G20 15 th summit is going to be held

- 1) India    2) Saudi Arabia            3) Osaka (Japan)            4) Argentina

6) The secretary of 15th finance commission is...

- 1) N. K. Singh    2) Arvind Mehta            3) Arun Shrivastav            4) Ajay Mehta

7) World economic forum in 2019 has declared world competitive index of 141 countries. which are the first three countries

- A. Singapore, America, Hong Kong            2) Singapore, Japan, Australia            3) Japan, Australia, Iran  
 4) America, China, Russia

8) Dronacharya Awardee and sports pairs are given. and out in correct pair

Person	Sport
A. Sanjay Bhardwaj	- Cricket
B. Marjban Patel	- Hockey
C. Ranbeer Singh Khokhar	- Kabaddi
D. Vimal Kumar	- Badminton

Options

- 1) Only A            2) only B, C            3) A, B, C            4) None of above

9) Who is the runner up of 12th world cricket Cup

- 1) England            2) Australia            3) New Zealand            4) India

10) In which country the Cannes film festival during 14 to 25th May 2019 was held

- 1) France            2) England            3) Singapore            4) Beijing

11) The names of diseases causing from bacteria are given below. Identify diseases not causing from bacteria

- A. Tuberculosis    B) Malaria            C) Cholera            D) Cancer            E) jaundice            F) Rabies

Options

- 1) C, D, E, F            2) A, B, C            3) Only E, F            4) D, E, F

12) From statements related to "force" select the incorrect statement

- A. To express the force the direction and magnitude needed  
 B. Force is scalar quantity

Options

- 1) Only A            2) Only C            3) A, B            4) None of these

  
**Principal**

13) The SI unit of potential difference is...

- 1) Joule, Ampere 2) Newton Volt 3) Volt, Ampere 4) Ampere Volt

14) The following statements who put forth the atomic theory

- A. Theory was given in 1803  
B. According to this theory matter is made up of atoms and atom is individual  
C. The all atoms of the elements are same and Atoms of different elements are different and their atomic weight is also different

Options

- 1) Thomson theory 2) Dalton's theory 3) Rutherford theory 4) Neil Bohr theory

15) Carbohydrate do not contains

- 1) Carbon 2) hydrogen 3) Oxygen 4) Nitrogen

16) Match the correct pair

- | I section        | II Section        |
|------------------|-------------------|
| A. Wood          | 1) Thousand years |
| B. Plastic       | 2) 1 Year         |
| C. Cotton fabric | 3) 1 to 2 week    |
| D. Vegetable     | 4) 10 to 15 years |
|                  | 5) 2 to 3 months  |

Options

- | A    | B | C | D |
|------|---|---|---|
| 1) 4 | 1 | 2 | 3 |
| 2) 5 | 1 | 3 | 2 |
| 3) 2 | 1 | 4 | 5 |
| 4) 5 | 1 | 2 | 3 |

17) From below three rules of reflection which is not correct

- A. Incident rays and reflected rays are opposite from normal  
B. incident rays reflected rays and normal are in one plane  
C. The angle of reflected ray and incident ray are not of same measure

Options

- 1) Only A 2) only B 3) only C 4) none of above

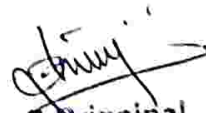

18) How many calories of energy IS obtained from one gram of fat

- 1) 4 kilo calorie 2) 7 kilo calori e 3) 8 kilo calorie 4) 9 kilo calorie

19) See the following statements

- A. Sound waves comes under transverse type  
B. The speed of sound is very high in solid  
C. For propagation of sound the medium should be particle less  
D. In sound production is vibration of particles

Select the correct statement / statements

63) Gini index measures which of the following social problem

- 1) disparity in poverty 2) Inequality in income 3) Unemployment in country 4) both 1 and 3

64) In one year how many days employment is assured in Mahatma Gandhi rashtri Gramin Rojgar hami Yojana

- 2) 100 2) 120 3) 150 4) 200

65) Match the correct pair

I Section (State)	II Section (gender ratio)
A. Goa	1) 1084
B. Nagaland	2) 931
C. Tamilnadu	3) 973
D. Kerala	4) 996

A	B	C	D
1) 2	3	4	1
2) 4	2	3	1
3) 3	2	4	1
4) 2	4	3	1

67) On which day new economic policy was adopted

- 1) 24 July 1991 2) 21st June 1990 3) 17 July 1991 4) 21st July 1991

68) A) Appropriation bill is a finance bill

- B) The bill is placed in Lok Sabha  
C) The provision of appropriation bill is made under article 114

  
**Principal**  
J.K. Jadhav Arts, Comm. & Science  
Mahavidyalaya, Valjapur (Code 334)

Option

- 1) Only A, B is correct and C IS incorrect
- 2) Only B is correct and A, C IS incorrect
- 3) A, B, C is correct
- 4) A, B, C is incorrect

69) Identify the descending sequence in population of districts

- A. Washim B) Sindhudurg C) Gadachiroli D) Hingoli

Options

- 1) B, C, A, D 2) B, C, D, A 3) A, B, C, D 4) D, C, B, A

70) When regional rural bank was established in India

- 1) 2 October 1975 2) 15 November 1972 3) 2 October 1970 4) 2 January 1970

71) Amrit Bazar Patrika of Bengal after the detention of whom declared as Grand person with patriotism in 1879

- 1) Lokmanya Tilak 2) Vasudev Balwant Fadke 3) Vinayak Damodar Savarkar  
4) Rango Bapuji Gupte

72) Arrange the following events as per sequence

- A. Non-cooperation movement B) with India Agetation C) Civil  
disobedience D) Pune pact

Options

- 1) A, C, D, B 2) A, C, B, D 3) A, B, C, D 4) A, D, C, B

73) Who was the president of Maharashtra ekikaran Parishad and in Mumbai on 20th July 1946

- 1) Keshavrao Jedhe 2) shankarrao Dev 3) G. T. Mandkholkar  
4) ramrav Deshmukh

74) what was the name of Swami Ramanand Tirth, leader of Hyderabad liberation

- 1) Venkatesh benadikar 2) achyuthra Deshpande 3) Govind Bhai Shroff  
4) VenkateshKhedgikar

- 1) Maujewari method                      2) Mahalwari method                      3) Kayamdhara Method  
4) Rayatwari Method

85) Out of the following person who done the work on 'Economic Nationalism'

- A. Dadabhai Nauroji                      B Bhaskar Tarkhadkar                      C bahumanjan  
D. R. C. Datt                      E) Nana Shankar Seth

Options

- 1) All except C                      2) all except E                      3) all except B                      4) all except A

86) In a coding language if PROJECTOR is written as ORPCEJROT then how can be PERTROGNI CAN BE WRITTEN IS SAME LANGUAGE

  
Principal  
J.K. Jadhav Arts, Comm. & Science  
Mahavidyalaya, Vaijapur (Code 334)

2) REPORTING                      2) REPORTERS                      3) PROPORTION                      4)  
RESTURANT

87) If the light is called as dark, dark is called as green, s colled as blue, blue to red, read to White and let's call yellow then what is the colour of blood

3) White                      2) red                      3) dark                      4) yellow

88) VSZ, TQX, ROV, ...

4) PTM                      2) PKT                      3) PMT                      4) TMP

89) In girls one line Sneha is thirteen from left and Asha is sixteen from right. If the places of Sneha and Asha are interchanged then Asha is 18 from right Then what is the number of Sneha from left

5) 15 th                      2) 31st                      3) 16th                      4) 14th

90) Complete the sequence 1, 4, 9, 25, ...

6) 36                      2) 49                      3) 64                      4) 69

91) Some statements and conclusions are given below. considering statement as a correct identify the correct conclusion

Statement: all pens are papers

Some pens are fruits

Conclusion: A) some papers are pens

B) some fruits are not papers

1) only Conclusion A is correct

2) only conclusion B is correct

3) both conclusions are correct

4) both conclusions are wrong

92) The 300 persons perform a job in 16 days.  $\frac{1}{4}$  part of the same job in 15 days will be completed by how much person

1) 64                      2) 15                      3) 60                      4) 74

93) A is wife of B B and C is a sister of A. D is other of C and E is son of D. What is relation between E and B

1) Brother                      2) brother in law                      3) cousin                      4) Father in law

94) From the below diagram which is the opposite colour to yellow

1) Black                      2) Indigo                      3) blue                      4) yellow

95) From the below sequence find out in appropriate digit

4, 2, 3, 7.5, 33, 7, 5, 118, 125, 649, 6875

1) 118.125                      2) 3                      3) 33                      4) 5

96) In the following alphabet series What is the number coming in series  
Bac - babacc - ab - ccbabacch - baccba

  
Principal  
J.K. Jadhav Arts, Comm. & Science  
Mahavidyalaya, Vaijapur (Code 334)

- 1) baba      2) cbba      3) bbaa      4) cbaa

97) Deva is facing towards west. He first turn 90 degree in clockwise direction and then 135 degree in anticlockwise direction. His face will be in which direction

- 1) Southwest    2) East      3) west      4) South east

98) If  $53/31=2$ ,  $45/27=1$ ,  $69/32=3$  then  $97/26=?$

- 1) 1    2) 2    3) 3      4) 4

99) In a good language give and take is written as 135, water and milk as 574 and give him milk as 149 then How take can be written

- 1) 5    2) 3    3) 1    4) 4

100) If P is greater than Q, R is less than P, S is greater than T but smaller than Q

Then who is greater among all

- 1) P    2) S    3) R    4) Cannot be predicted

Mahavidyalaya, Valjapur (Code 334)

30. 30. Select the correct options
- A. astronauts on moon uses hand held mobile radiphones for conversation  
 B. There is no need of medium for specific waves used in mobile phone
- Options
- Both statements are correct and B be correctly explains A
  - both statements are correct and there is no relation between A and B
  - both statements are incorrect
  - statement is correct and statement B is incorrect
31. 31. When a vehicle moving in a straight line takes a turn, passengers are inclined in opposite direction. This is example of
- speed inertia
  - Direction inertia
  - innersia in stable state
  - Man of the above
32. 32. Following are not the examples of atmospheric dispersion
- A. twinkling of stars    B) early sunrise    C) delayed sunset    D) rainbow
- Options
- all except D
  - only A
  - only be and see
  - only D
33. . Out of the following which is not the example of phototropism
- A. Cockroach    B) earthworm    C) euglena
- Options
- Only A
  - only A & B
  - only C
  - none of the above
34. Deficiency of Vitamin D3 causes
- A. Dermatitis    B) Diarrhoea    C) Dementia    D) Diphtheria
- Options
- B, D, C
  - A, C, D
  - A, B, D
  - A, B, C
35. See the statements of Presbyopia
- A) Distant objects are not visible    B) Nearer objects are not visible  
 C) Concave lens is used for this
- Options
- only A and C
  - only A and D
  - A B and C
  - None of the above
36. Haber's process is used for
- For separation of Oxygen and hydrogen from water
  - To collect Ammonia from air
  - To prevent vaporization of water
  - Obtaining various substances from Petroleum
37. From ....the secretion of macrophage and white blood corpuscles, body cells become defensive
- Progesterone
  - Testeron
  - Interferon
  - Karmin
38. select the correct statement about atomic mass

  
**Principal**  
 J.K. Jadhav Arts, Comm. & Science  
 Mahavidyalaya, Vaijapur (Code 334)

1. atomic mass means only the total number of protons
  2. the combination of protons and neutrons in atom
  3. only the neutrons in atom
  4. None of the above
39. In the purification of Petroleum which of the following is used
1. French Chalk 2) white vitriol 3) sol ammoniac 4) Caustic soda
40. which of the following is the example of vibrational motion
1. running train 2) moment of gaseous molecules 3) windmill 4) sewing machine
41. What Height will be acquired by a ball thrown in space with a speed of 19.6 M per second
1. 19.6 m 2) 38.1 m 3) 7.1 m 4) 27.10m
42. See the statement and select correct one
- A. CRR and SLR both funds are compulsory for bank
  - B. Due to CRR there is always decrease patnirmiti in bank
  - C. Banks are allowed to keep SLR
  - D. SLR funds are used to give loans
- Options
1. A, C, D 2) A, C 3) B, C, D 4) all of the above
43. The main objective of the eight five year plan was
1. Human Development 2) energy 3) transport 4) sustainable development
44. See the statements about the NABARD
- E. Nabard plates the dual role
  - F. Nabard was founded by Chakravarti Samiti
  - G. Nabard do not inspect any bank
  - H. Nabard do not provide funds for period of 1 year
- Which statement is incorrect
1. A, C, D 2) Only D 3) Only B, C, D 4) None of these
45. Higher level executive director, officers, Universities are incorporated in which sector
1. 3rd sector 2) 4 sector 3) 5 sector 4) None of these
46. Match the following
- |                        | Section ( person) |   |   | Section (GDP) |
|------------------------|-------------------|---|---|---------------|
|                        | A                 | B | C | D             |
| A. R. C. Desai         |                   |   |   | 1) 17         |
| B. Findle Siras        |                   |   |   | 2) 80         |
| C. Dr. V. K. R. V. Rao |                   |   |   | 3) 72         |
| D. Wilam Digbi         |                   |   |   | 4) 78         |
|                        | A                 | B | C | D             |
| 1)                     | 4                 | 2 | 3 | 1             |
| 2)                     | 3                 | 2 | 4 | 1             |

  
**Principal**

1. Waren Hestings 2) Lord Hestings 3) Lord Cornwallis 4) none of those
66. Below statement gives the information of which newspaper  
a) This newspaper was started on 4th January 1864 in English  
b) from 1st July 1866 it is published in Marathi also  
c) High Court decisions were published newspaper  
d) this newspaper was a supported by Sanatani Vichar in Rakhambai case

Options

- 1) Native opinion 2) Arunoday 3) Dnyansindhu 4) Nibandham

67. In which city during the period of 1885 to 1947 the congress sessions were held?  
1) Mumbai 2) Madras 3) Kolkata 4) Ahmedabad

68. In Maharashtra Some Revolutionary organisations where formed, Select the correct pair from the following

1. Arya bandhav Samaj - Vardha - Nagpur
2. Chfekar club - Pune
3. Shivaji club - Kollhapur
4. all of the above

69. Match the correct pair

Person	Organisation
A. Damu Anna Tolekar	1) Hindu Seva Sangh
B. Rewaji Pandurang Chaudhari	2) Adivasi Seva Mandal
C. Dr. Ramdev Bidwe	3) Adivasi Seva Sangh
D. Pandurang Dhawala Sable	4) adivasi Sudhar Seva

Options

	A	B	C	D
1)	1	2	3	4
2)	1	2	4	3
3)	4	3	2	1
4)	2	1	4	3

70. Dadoba Pandurang Tarkhadkar and Durgadas Machcha Ram founded "Manav Dharm Sabha" on 12 June 1884. Where this organisation was established

1. Mumbai
- 2) Surat
- 3) Pune
- 4) Badoda

71. A is 20 % of B, then B is ...% of A

- 1) 5 %
- 2) 40%
- 3) 400%
- 4) 20%

72. The average age of a class was 12, if the 37 years old teachers age is included the this average increases by 13, then how many students will be there in the class

- 1) 24
- 2) 35
- 3) 40
- 4) 20

73. Which number will be there at the question tag position

3, 4, 7, 7, 13, 13, 21, 22, 31, 34, ?

- 1) 43
- 2) 36
- 3) 44
- 4) 41

74. See the statements

- A. Some shops are Laboratories
- B. all Laboratories are temples

Conclusion

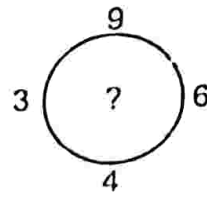

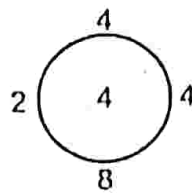

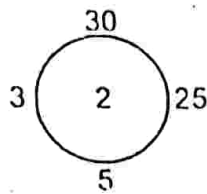

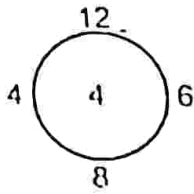

- I) some temples are shops
  - II) not a single shop is Temple
- A. Only conclusion I is correct
  - B. only conclusion II is correct
  - C. Both Conclusion I and II are correct
  - D. Both Conclusion I and II are incorrect

75. Hotel is at the east of my office. my office is South to the shop .School is a North to the hotel .The distance between school and hotel is same As a distance between Office in shop. what will the direction of school to shop.

- 1) East south
- 2) Northwest
- 3) Southwest
- 4) North East

32. If Radha walks at a speed of 25 feet per minute and if her feet distance is 1 meter. what is the time required to cover a distance of  $1/2$  km  
 1) 12 minute   2) 9 minute   3) 14 minute      4) 24 minutes
33. Two statements and their conclusions are given below , assuming both statements correct an conclusion be emerge  
 Statement: A) all men are tiger  
 B) All foxes are tiger  
 Conclusion: A) All male are foxes  
 B) Some Axis are men  
 Options  
 1) Only conclusion A emerge      2) only conclusion B emerge  
 3) Both A and B conclusion do not emerges      4) Both A and B conclusion emerges
34. The ratio of two numbers is 3:5 first number is increased by 10% and second by 20% what will be the ratio of two new numbers  
 1) 11:20      2) 20:11      3) 22:40      4) 40:22
35. Complete the sequence 1, 9, 25, 36, ?  
 1)40      2) 48      3) 54      4) 58
36. If  $A = \frac{3}{5} B$ , then A: B =?  
 1) 4:6      2) 3:5      3) 3:2      4) None of above
37. 150 meter long railway crosses the 450 meter platform in 20 second then what is the speed of railway  
 1) 108 km/hr      2) 106 m/s      3) 72 km/hr      4) 156 m/s
38. If A\$B meaning is A is father of B  
 A#B meaning is A is daughter of B  
 A\*B meaning is A is sister of B  
 A@B meaning is A is brother of B  
 Out of which option it will be clear that M is wife of Q  
 1) Q\$R#T@M      2)Q\$@#RM    3)Q\$R@T\*M      4) None of the above
39. Complete the following series  
 -mon - - nmo - mo - monm - n  
 1) nmonno    2) moonoo    3) oooooo    4)onmomm
40. From the following series choose the correct option  
 ACPJ:ZXUQ::RGJH:?  
 1) BDYU    2) VHRP    3) VTGO    4)VSON
41. In a coding language if PROJECTOR is written as ORPCEJROT then how can be PERTROGNI CAN BE WRITTEN IS SAME LANGUAGE  
 1) REPORTING    2) REPORTERS    3) PROPORTION    4) RESTURANT
42. From the below diagram which is the opposite colour to yellow

- 1) Black                      2) Indigo                      3) Blue                      4) Yellow

43. Six students are seated in a row, R is in between K and V, V is adjacent to M, M is adjacent to B then who is adjacent to V

- 1) P & Q                      2) B & M                      3) Q & R                      4) M & k

44. Match the pairs

I Section

- A. Habeas Corpus  
B. Mandamus  
C. Prohibition  
D. Certiorari

II Section

- 1) We order  
2) Physical presence  
3) This is to certify  
4) prohibition

Options

	A	B	C	D
1)	4	1	2	3
2)	2	4	1	3
3)	3	4	1	2
4)	2	3	4	1

45. Identify the only designation related to oath In constitution

- A. President                      B) Vice president                      3) Prime Minister                      D) Minister  
E. Chancellor                      F) Chief minister                      G) Auditor General

Options

- 1) All above                      2) Only A, B, F, G                      3) Only A, B, C, D                      4) Only A, B E

46. What is the tenure of prime minister decided by the constitution

- 1) 5 years                      2) 5 years and 6 months                      3) not a decided                      4) 7 years

47. 'Sink combinely and Survive combinely' this description is about

- 1) Prime Minister and Central Cabinet                      2) Chief Minister and state cabinet  
3) Prime Minister and Chief Minister                      4) Central Cabinet and State Cabinet

48. A Public bill is presented by the Minister in cabinet

- B) bill is presented by informing one month in advance  
C) If the bill is rejected by the house it may leads to the resignation of government

Which statement of the above correct

- 1) Only A                      2) Only A& B                      3) Only A& C                      4) A, B & C

49. Who appoints the District Judge

- 1) judge of high court                      2) Juri of High Court                      3) chancellor  
4) Chief Minister

50. Find out the incorrect statements

- A. Single person cannot be appointed as a chancellor or two or more States  
B. Chancellor do not working under the control of Central Government

Principal

- C. American model is selected for the appointment of chancellor  
 D. In case the death of chancellor, high court chief justice can be appointed temporary Chancellor

Options

- 1) A & B    2) A, B, C    3) A & C    4) A, C, D

51. Select the correct statement about Legislative Council

- A. Legislative Council was present in Assam before independence  
 B. In Maharashtra Legislative Council was formed in 1937  
 C. Legislative Council of West Bengal and Punjab was established in 1969 and 1970  
 D. Legislative Council was suspended in Maharashtra during 1939 to 1946

Options

- 1) B & D                      2) B, C, D    3) A, B, D    4) All of the above

52. A) In public estimate committee membership is not given to the members of upper house of the Parliament

B) This committee is not called thrift committee

C) Minister can be elected on this committee

D) The total committee members of this committee is 22

Find out in correct statement

- 1) Only C    2) Only B & C                      3) All except A    4) All of above

53. From what the parliament is constituted

- 1) President    B) Lok Sabha                      3) Rajya Sabha    4) Cabinet ministry

Options

- 1) Only B & C                      2) Only A, B & C    3) Only B, C & D    4) All of above

54. For upper house of parliament the open voting was accepted instead of confidential voting

- 1) 2001    2) 2002    3) 2004    4) 2003

55. Who decides the number of judges in Supreme Court and other judges

- 1) Chief justice    2) President    3) Parliament    4) President in consultation with justice

56. Who controls working of Supreme Court

- 1) President    2) Control Committee                      3) It is explained by constitution  
 4) Supreme Court with the advice of president

57. Match the correct pair about Nobel award

Field	Person
A. Literature	1) William jiKellIn, GrelealSemenja
B. Chemistry	2) James pebbles, Michel Mayor
C. Physics	3) Olga Tokarshook, Peter Handki
D. Medicine	4) John B Goodenough
A    B    C    D	
1) 3    4    2    1	

Principal  
 J.K.Jadhav Arts, Comm.& Science  
 Mahavidyalaya, Vajapur (Code: 334)

- 2) 3      2      4      1  
 3) 4      3      1      2  
 4) 4      1      3      2

58. What are the incorrect statements about chief justice Sharad Bobade

- A. He is the 46th chief justice  
 B. He will get 15 months tenure from 18th November 2019  
 C. He was the 4th from Maharashtra to become Chief Justice  
 D. Before the appointment in supreme court he was the chief justice in Madhya Pradesh

Options

- 1) C & D      2) Only B      3) B & C      4) A & C

- A. Their tenure is 3 years or 65 years of age ( which is earlier)  
 B. The payment of CIC is 2.5 lakhs and of SCIC is 2.25 lac

Options

- 1) Only A & B      2) Only B      3) Only A      4) None of the above

60. Which statement is correct about the Panchayat award of 2019

- A. Maharashtra got the first Panchayat award  
 B. This time Maharashtra got 119 awards in three categories

Options

- 1) A & B      2) Only A      3) Only B      4) None of the above

61. Out of The following Whose birth centenary year is 2019

- 1) G. D. Mandgulkar      2) Acharya Aatre      3) Sudhir Phadke  
 4) P. L. Deshpande

62. Which statement is correct about tiger census of 2018

- A. As per 2018 report the number of tigers in country is 2967  
 B. The largest number of Tigers are found in Karnataka state  
 C. The number of tigers in Maharashtra is 312  
 D. As per report the number of Tiger has been increased by 16% but the residence decreased by 22%  
 E. To achieve the target of doubling the number of tiger by 2022 is already achieved for years before by India

Options

- 1) All of above      2) A, C, D, E      3) A, B, & C      4) B, C, D, & E

63. Which is the incorrect statement about National Population register

- A. Compulsory registration for everyone residing 6 months in country  
 B. No need of any document for NRP  
 C. The 21 types of information of a person will be collected for NRP  
 D. Kerala and Paschim Bangal state opposes to NRP

Principal

Options

- 1) C & D                      2) A, B & C    3) Only A    4) None of the above

64. Which state legally continues reservation in promotion

- 1) Tamil Nadu              2) Telangana              3) Himachal Pradesh  
4) Karnataka

65. Which is the incorrect statement of NitiAayog about electric vehicle policy

- A. Only three wheelers will be sold after 31st March 2023  
B. In two wheeler only bikes of 150 cc will be sold after 31st March 2023

Options

- 1) Only A                      2) A & B              3) Only B    4) None of the above

66. For Gaganyaan mission India had done the agreement with which of the following countries

- A. European Union              B) America    C) France    D) Russia

Options

- 1) Only B    2) C & D              3) Only D    4) A & C

67. Firstly in which state the law against mob lynching was passed

- 1) Manipur    2) Rajasthan              3) Tamilnadu              4) Kerala

68. A) In ' AbMeri Bari' Campaign 60 girls of Jharkhand will do mass awakening in India

B) They are going to do mass awakening about The facilities not getting to the girls in puberty age

Which is the correct statement about above

- 1) None of the above              2) Only B              3) A & B              4) only A

69. 'Theyyam' dance is from which state of India

- 1) Kerala                      2) Tamil Nadu              3) Andhra Pradesh              4) Karnataka

70. Match the pairs of a person and the appointment

I Section

71. A) Momentum is the product of mass and velocity

B) Buoyant force is the force that pushes the object in liquid in upward direction

C) Acceleration is rate at which velocity changes with time, in terms of both speed and direction

  
Principal

From the above statements identify the correct statement

- 1) Only B    2) A, C    3) Only C    4) A, B, C

72. Force acting towards the centre is called...

- 1) Centripetal force    2) Centrifugal force    3) Central force    4) None of above

73. Read the following sentences

- A) Prokaryotic living organism are unicellular  
B) Eukaryotic living organism are unicellular or multicellular  
C) Fungi Comes under unicellular Category  
D) Plants and animals comes under multi Cellular category

Find out the correct statement from the above

- 1) All of above    2) only A, B, C    3) only A, C, D    4) A, B, D

74. Match the correct pair

I Section	II Section
A. Karl Linius	1) Monera, Protista plants and animals
B. Hekel	2) Prokaryotic & Eukaryotic
C. Chatan	3) plants and animals
D. Kopland	4) Protista, animals and plants

Options

A	B	C	D
1) 3	4	2	1
2) 1	2	3	4
3) 4	3	1	2
4) 2	4	3	1

75. 75 American ecologist Robert Harding Vitakar Classified the animals in five categories.

Which of the following option do not come under his category

- A) Monera    B) Protista    C) Fungi    D) Plants    E) animals    F) Algae

Options

- 1) Only B    2) Only A    3) Only E    4) Only D

76. From the Following options find out the category

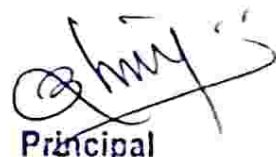

- A. In this category all are unicellular  
B. All bacteria comes in this category  
C. Blue and green algae is also included  
D. They are autotrophic or parasitic

Options

- 1) Algae    2) Fungi    3) Protista    4) Monera

77. Out of the following which is not the characteristic of virus

- A. Generally they are not considered as a living or are boundary between living and non- living  
B. They can be seen only by electronic microscope  
C. Virus causes various diseases to plants and animals

Principal

D. Reproduction of virus takes place by sexual method or by division

Options

- 1) A & C                      2) Only B    3) Only D    4) None of above

78. Identify the correct statements

A. When the temperature of solid increases it is converted into liquid and it is called Melting

B. When temperature of liquids decrease it is converted into solid and it is called fusion

Options

- 1) Only A                      2) Only B    3) Both A & B are correct                      4) Both A & B are incorrect

79. Identify the correct option

A. Loss of appetite    B) headache, vomiting    C) diarrhoea    D) temperature up to 104 F

Above are the symptoms of which disease

- 1) Typhoid    2) Jaundice                      3) Dengue    4) Chikungunya

80. A) Number of electrons and protons in atom

B) The sum of protons and neutrons in nucleus of atom

C) The sum of protons, electrons and neutrons

Which of the above statement is a sufficient to calculate atomic weight

- 1) Only A                      2) Only B    3) Only C    4) All of the above

81. Cholera, Typhoid, Conjunctivitis, Influenza these comes under which infectious diseases category

- 1) Epidemic disease    2) Contact disease    3) All of the above    4) None of the above

82. In rainbow the maximum and minimum wavelength of the colour is... respectively

- 1) Red, Violet    2) Blue, Red                      3) Violet, Indigo    4) Indigo, Red

83. Which statement is correct about metal

A. Metals are conductors

B. Metals are ductile and malleable

C. The surface of metal is Shiny

Options

- 1) Only A ,C                      2) A, B, C    3) Only C    4) None of the above

84. 84 A) alpha rays is positively charged

B) Gama rays is negatively charged

C) Beta rays is neutral

D) Three rays are produced from nucleus

Find out the incorrect statement

- 1) Only D                      2) Only B, C    3) A, B, D    4) B, C, D

85. The largest gland in human body is...

Principal

J.K.Jadhav Arts, Comm.& Science  
Mahavidyalaya, Vaijapur ( Code 334

- 2) Stomach 2) Liver 3) Lungs 4) Heart

86. Match the correct pair

I Section

- A. Indian spectator  
B. Dhuabandhu  
C. Prabhakar  
D. Dnyanprakash

II Section

- 1) BhauMahajan  
2) BeharajiMalbari
